

REMARKS

The present Preliminary Amendment is presented to make corrections in the original specification, claims and drawings. The changes to the specification are incorporated in the attached substitute specification. Among these changes is the addition of the continuing data at the top of page 1 of the specification.

Also, replacement formal drawings are submitted herewith under separate cover letter in order to delete the last two sheets of drawings containing a list of reference numerals and their corresponding elements, and also to delete the page numbers of the drawing sheets. In addition, Figs. 21 and 22 have been labeled as "Prior Art". Approval of these replacement formal drawings is requested.

Respectfully submitted,

Hideo OKOSHI et al.
